District Non Discrimination Policy: “The Amherst School Committee’s policy of non-discrimination extends to students, staff and the general public with whom it does business. The Amherst Public Schools do not discriminate on the basis of race, national origin, age, religion, gender, sexual orientation, economic status, political party, and disability in admission to, access to, employment in, or treatment by its programs and activities.”

Principal’s Welcome

Dear Crocker Farm Families,

Welcome to Crocker Farm Elementary School! We are looking forward to a year ahead filled with lots of learning and fun together. Our staff works diligently to prepare an exciting learning environment for your children each and every day. As you take the time to prepare your family for the school year ahead, please take a look at the School Handbook we have prepared. You will find information on daily procedures and answers to frequently asked questions.

As always, if you have any questions about the goings on at Crocker Farm, please call our school and we will be glad to help you find an answer.

Sincerely,

Derek Shea, Principal

Sharri Conklin, Assistant Principal

My Commitment to Our Students and Our Community:

A vision for the Amherst, Pelham and Regional Schools **Superintendent Maria Geryk**

We must recognize our students for who they are and must challenge them to excel while balancing their academic progress with expressive, personal, physical, civic, and social development. We must provide our students with the highest quality education possible in order to prepare them for success in a global, interconnected future. The 21st century education at ARPS will enable our students to address challenges we cannot predict, to use adaptive and creative thinking and problem-solving, to understand technology and languages, and to respect and understand diverse beliefs, cultures and backgrounds.

To achieve excellence for our students, we are committed to being the highest quality educational system possible. This includes a commitment to continual improvement, informed reflection, and the collection and analysis of data. As an educational system, we must attract and retain excellent educators who can provide a challenging, relevant and cohesive curriculum that serves the needs of our diverse students. We reaffirm our commitment to a vital and focused program of professional development for our staff and a safe environment for learning and constructive communication for our students. Lastly, we commit to the wise allocation of the resources our communities provide.

TABLE OF CONTENTS

This handbook is divided in two sections. The first section contains information specific to Crocker Farm School: our procedures, practices and programs. The second section contains information about the Amherst Public Schools operations and procedures.

Crocker Farm Mission Statement:

It is the mission of the Crocker Farm Elementary School to provide each child with an appropriate and meaningful educational experience that is characterized by academic excellence, personal challenge, mutual respect, and shared responsibility. Inherent in our mission is the commitment to strive for excellence in our approaches to issues of equity, curriculum development and instruction, student achievement, professional development, social justice, and school and community issues.

Crocker Farm Vision:

Crocker Farm is a school where:

- *All children feel successful every day*
- *All children develop an awareness of their strengths and challenges and have an active role in creating a learning community*
- *All children feel valued and believed in*
- *Our student's cultures and backgrounds are embraced and are integral parts of our school community*
- *Curriculum is consistent throughout the school, is inclusive and relevant to a variety of student experiences*
- *Differentiated instruction addresses a variety of learning styles, skills, and interests*
- *We honor parents and guardians as their children's first teachers*
- *School communication effectively reaches all families*
- *Our staff is committed to growth through collaboration and communication*
- *A strong sense of community resonates throughout the school*
- *We foster connections with the greater community*

Suggested main office contacts:

Student Records: Mrs. Catherine Aldrich

Free and Reduced Lunch: Mrs. Catherine Aldrich

Bus routes and passes: Ms. Angela Mills

Health, medication questions: Linda Stenlund, Nurse

Special Education scheduling: Joan Valva

Arrival and Dismissal Procedures

Classes begin at 8:50 and end at 3:10. To ensure the orderly arrival and dismissal of all students, we use the following procedures:

Arrival: Children should not arrive before 8:30, as supervision is not available until then. Upon arrival, students proceed to playground for morning recess until teacher comes to pick them up. Students who are enrolled in Before School care may arrive at 7:30. Please enter through the Shays Street door. Students wishing to eat breakfast may proceed directly to the dining room at 8:25.

Dismissal:

Dismissal announcements are made from the front office, over the public address system. Beginning at 3:10, students are dismissed by class and then walked to the bus area or parent pick up area (see below) by their classroom teachers. If you are picking-up your child at dismissal time please arrive promptly by 3:10 p.m.

Parent/guardian pick up vehicles are encouraged to enter through the Shays Street entrance. Busses load at the front of the school. Parents who are picking up their children may also park in the front lower lot off of West Street. Please enter the designated **parent pick up** area through the preschool entrance. Please note: all parents/guardians must sign their children out of the pick-up room. Please do not circumvent this system by asking your child to

meet you on the playground or by requesting that your child be dismissed to the office after 2:45 pm.

If anyone other than a parent or guardian is picking up your child on a given day, a written note is required to grant permission. To ensure a safe, orderly dismissal time and to avoid disrupting the classroom learning, all changes to the dismissal plan, except for emergencies should be communicated to the school before 12:30 pm each day. In this way we will be able to communicate these changes to the classroom in a timely way.

Please help us safely monitor student arrival and dismissal by adhering to the following guidelines:

1. Please exit the building as soon as you have gathered your children.
2. For safety reason **dogs are not allowed** on school grounds during the school day and when the after school program is in session (8:30-5:30)
3. Please do not leave your children unattended on the playground after school.

Bus passes:

Bus passes are granted on a space-available basis. To gain permission for a student to ride on a bus other than his/her own, parents need to send a written request to school, directed to the office or teacher.

Attendance:

Daily attendance is fundamental to a child's success at school. This year all of the schools in Amherst will once again be making a concerted, coordinated effort to improve the attendance of our students and to make certain that they arrive to school on time.

Early and/or Change in Dismissal

If a student is to be dismissed before the end of the day or if there is a change in the way he/she will be going home, this information

should be sent in a parent note to school ahead of time. Staff members do not take phone call for this purpose except on an emergency basis. It is the responsibility of the parent to send a note to the child's teacher. If we do not receive a note or a phone call we will send the student home in the usual manner even if he/she says otherwise. Written permission is required for another adult to pick up your child.

Absences

Parent/guardians are asked to call the special school number, 362-1659, before 8:45am if their child will be absent. This is a voice mail system to report absences. Please include the reason for the absence so we can determine if it is "excusable" or not. Please see district policy regarding attendance expectations.

Tardiness

Children are expected to be in their classrooms at 8:50 AM ready to begin class. Arriving on time helps children settle into their day in school. The beginning of the day is also important since teachers give directions and set an agenda for the day during that time. Students who are tardy must sign in at the main office and take a late pass to class. If tardiness continues, a conference will be held with parents, administrator, and guidance counselor to develop a plan to improve the child's timelines.

Visiting your child's classroom

An effective way to learn about your child's classroom and the school is to make a personal visit. We have specific days designated for visiting Crocker Farm. Special visits or conferences may also be arranged by contacting your child's teacher. All student information that is observed during a visit must remain confidential. Please note that the goal of visits is to learn about the teaching and learning in our classrooms. Resolving concerns is best handled in meetings with staff and/or administration.

Visitor Admission and Protocols

To best maintain the safety of our students, we will be utilizing the follow protocol to monitor who comes into our building during the school day.

- a. ***All*** visitors will enter the school building through the front door.
- b. All school doors shall ***remain locked*** during the regular school day except at arrival and dismissal time.
- c. Access will be granted to the school via the front door after utilizing the door access bell.
- d. Access will be granted by school office personnel, the building principal or another authorized person after visual identification is made or the visitor's purpose for requesting access to the school is accepted.
- e. All visitors will be directed to the school main office where they will sign a visitor log and obtain a School Visitor Badge.

Telephone Policy

We ask parents/guardians to plan ahead so that phoning children at school is unnecessary except in emergencies. We will always deliver phone messages from parents/guardians to their children, but under normal circumstances we will not page children to come directly to the phone. We will not deliver messages to children from people unknown to us without parent/guardian permission.

Teachers are not generally available to speak with parents on the phone during the school day. The office staff will take the message from parents so the teacher can return the call at their earliest convenience. Some teachers may correspond via e-mails if parents provide e-mails for such school-related communication. Teachers will notify parents as to the best method of communication in their weekly announcements, or Fall school events.

Before/After School Program

The Out-of-School Time partnership between the Amherst Public Schools and the Town of Amherst, the Amherst Before/After School Programs will continue to serve children with activities and enrichment opportunities that are well-aligned across all three elementary schools. These opportunities will include visual and performing arts, instrumental lessons, cultural and language activities, outdoor education, health and wellness programs, and academic intervention and enrichment through the Five-Colleges Partnership.

Families interested in enrolling their children at any of the three Amherst Elementary Schools should contact LSSE at 259-3065 or Jim Regan @ 362-1818 . You may ask in the office or leave a written message for more information about this program.

Field Trips

Field trips are organized throughout the school year to enhance classroom curriculum. Permission from a parent or guardian is required for children to participate. Permission slips will be sent home before each class field trip. Students are required to follow the same standards of behavior that are expected while on school grounds. Students choosing not to follow these standards of behavior while on a field trip may be returned to school and/or lose the privilege of going on subsequent trips. If there is a cost for a field trip, families contribute what they can afford, but **no student is denied participation due to financial reasons.** **A signed and completed permission slip is required for every field trip.**

Lunch

Children may either bring lunch or buy a hot lunch (including milk) at school. Each month's menu is sent home so that parents/guardians may plan ahead accordingly, and the monthly menu is posted on the school's web site. Hot lunch costs \$2.75 per

day, milk or juice alone is \$.35 and breakfast is \$.75. Please make checks payable to the Amherst Public Schools. Parents/guardians may also pre- pay for their child's lunch online.

The Food Service Department of the Amherst Schools provides parents/guardians a convenient, easy and secure online pre-payment service to deposit money into your child's school meal account at any time.

Online Pre-payment system for the cafeteria

This service also provides parents the ability to view their children's account balance through a web site called *MySchoolBucks.com*. By having money in each child's account prior to entering the cafeteria, we find the lunch lines move along much faster so your child has more time to eat and be with friends. Also, parents/guardians will have the ability to print out a copy of their child's eating history report. This history report will show you all dates and times that your child has purchased a breakfast and or lunch within the past thirty days.

To access these services:

1. Simply go to the district web site at www.ARPS.org.
2. Click on the Food Services link.
3. Click on the *MySchoolBucks.com* link. From this site you will create your account and add money to your child's school meal account. All you need is your child's name, student ID number and school ZIP code (01002). The instructions listed on the site will guide you through the easy online account set up process. Please contact the school office for more information.

Information for Families Eligible for Free and Reduced Meals

The state of Massachusetts began instituting an administrative system known as Virtual Gateway in September 2012. This system of direct certification will automatically enroll any student whose family is approved for Supplemental Nutrition Program (SNAP), TANF/TANFDC or FDPIR in the free lunch program. These

families will be notified that they have been directly certified, and no application is necessary. Families who are directly certified may choose to opt out if they prefer not to participate in the free and reduced price lunch program.

Families who are not included on the direct certification list must file a new application each year, even if their child received free or reduced price lunch in the past. All families will receive a free/reduced lunch form at the beginning of the school year and can request one at any time during the school year from the main office of the school. There is a one-month carryover period for these students to allow families to submit and receive approval of the new application. If no application is filed and approved by September 30, that student is taken off of the free and reduced list.

Please note some important details about the free and reduced program:

- The point-of-sale system used in the school cafeterias ensures that students who receive free and reduced price meals are not identified in any way when making purchases. Please be assured that confidentiality will be maintained.
- Federal regulations prohibit retroactive submission for any meals charged by students after the carryover period. It is important to submit your application as soon as possible so that it can be approved by September 30. If approval is delayed and your child must charge meals for any period of time, the district will be happy to set up a payment schedule to allow families to pay for those meals over time.
- Only a full meal is eligible for free or reduced price lunch. If your child brings a lunch from home and buys only milk or juice, there will be a charge for it.
- If there is any change in your financial circumstances over the course of the school year, an application for the free lunch program may be submitted at any time by contacting the Main Office at your child's school.

If you have any questions or concerns about the program, please contact Rebecca Trietley, Food Services Director at 413-362-1839 or the Business Office at 413-362-1819.

Policies and General Information:

HOW TO KNOW WHEN TO KEEP YOUR CHILD AT HOME

In general, these symptoms warrant keeping a child home for the day:

1.) Fever of 100 or more

Stay home for 24 hours after the fever is gone and encourage fluids.

2.) Vomiting or diarrhea

Stay home for 24 hours after the last episode and encourage fluids.

3.) Sore throat

Note that strep throat may be present without fever, and may have symptoms of headache and stomachache.

4.) Runny nose, cough

Often a day or two of rest, and a light diet with extra fluids will help resolve a cold and will help in minimizing the spread of cold virus at school. A child who is feeling run down, losing sleep due to their cold or actively sneezing and coughing is not going to be able to attend to learning.

5.) Earaches

If an earache lasts more than a day or if pain is severe, please see your health provider.

6.) Impetigo or other skin rash

Please have these identified and treated 24 hours before returning to school.

7.) Pinkeye or conjunctivitis

A draining, itchy eye that is red must be treated with antibiotic eye medication before the child returns to school.

Please consult with the school nurse if you have questions about any of the above symptoms.

Please refer to district health policies in the back of this book for information concerning physical examinations, immunization requirements, accidents, medication policies, vision and hearing tests, head lice, and scoliosis screening.

Fragrances

Some of our staff members suffer from a chemical sensitivity disorder. Their reactions to a variety of fragrances can cause a multitude of symptoms including severe migraines, respiratory difficulty, asthma episodes, vomiting, red itchy eyes, etc. A reaction can be triggered from exposure to the softest scent or to a combination of multiple scents. Each individual responds differently. What we do know is that the reactive person can become very ill.

Potentially, a multitude of perfumes, colognes, lotions and hair products could come into our building on any given day. For this reason we ask children and adults to refrain from wearing fragrances in the school building whenever possible.

Safety Planning and Drills

Crocker Farm Elementary School has a comprehensive Safety Plan. Emergency procedures are reviewed and as part of our safety preparedness, we have many drills that we conduct with students present. Each room has displayed a well-marked fire exit plan map and evacuation plans and the staff are trained to respond to several specific safety concerns. We conduct fire drills four times during the school year and bus evacuations twice a year. Pelham School also conducts **emergency response** drills with students. Our emergency response drills are focused on lockdown and shelter-in-place procedures. We will conduct one lockdown drill in the fall and one shelter-in-place drill in the second part of the school year.

EMERGENCY PLANNING

It is essential that we have a means of contacting every parent or guardian at all times. For the most part, our School Nurse will contact you if your child becomes ill during the school day. Accidents, minor or otherwise, need to be communicated immediately to parents, as well. Our Safety Team uses the School Messenger automated calling system for communicating with families in the event that we must unexpectedly close school (such as for a major snow storm), or evacuate the school in case of emergency.

As soon as a child enters school, we must have both of the following:

- A completed emergency health form
- A completed emergency school closing form

These forms ***MUST*** remain up to date and contain multiple approved contacts, so that if you are not available, we can call the person you have designated. Please keep the school office informed of any changes or additional contact numbers, at any time during the year. These forms must also be updated at the beginning of each school year for each child in the family.

Winter Wear Guidelines

In our elementary schools, children go outside for recess on a daily basis so it is important for them to dress appropriately for the weather. When the temperature is colder outside than it is indoors, children should wear additional clothing (i.e. sweatshirts or jackets and long pants) when going outdoors. When the weather approaches freezing temperatures, the children should have hat, mittens or gloves and warmer clothing when going outside. To walk in snow, students must wear waterproof boots. To play in the snow, (go sledding, roll around, etc.) students must wear snow pants. Please send your child to school with clothing

appropriate for varied weather conditions. In particular, please note that students should have shoes, sneakers or slippers for indoor wear, if they are planning to walk in the snow.

On very cold days our staff will look closely at the wind chill factor in order to ascertain if there is any danger of frostbite. If there is no threat of frostbite we will hold outdoor recess even on cold winter days. Proper clothing ensures that this winter play is comfortable, safe and fun.

Lost & Found

Any unlabeled and unclaimed items found at school are placed in a large box outside the guidance office. Parents and students may check there at any time. Two times during the school year, Crocker Farm will notify parents that these items will be placed out on tables near the cafeteria in hopes that children recognize and claim them. Any items unclaimed at midyear and the end of the year are bundled up and donated to a local charity. Please put your child's name on items that are not likely to stay on the body at school, i.e., coats, sweatshirts, gloves, hats, backpacks, lunchbox, etc.

Cell Phones

We understand that children carry cell phones for various reasons. However, children are not allowed to use cell phones during the school day. Cell phones should be stored in the student's backpack (out of sight) during the school day. If a child has a cell phone out during the school day, the cell phone will be confiscated, and a parent/guardian will be required to pick it up from the main office. We also ask all adults to refrain from using cell phones in public areas in our school.

School Bus

Crocker Farm School is served by six school bus routes. Bus stop locations and pick up times are published in the Daily Hampshire

Gazette and the Amherst Bulletin shortly before school begins in the fall. A list of school bus rules is sent home with each child in September. Crocker Farm students should be reminded that respectful behavior toward others is expected at the bus stop and during the bus ride. Students engaged in inappropriate behavior on the bus may be suspended by the Principal from riding the bus for a specific period of time.

Bus Rules

Respectful and safe behavior, both at the bus stops and on the bus, is essential. The bus is where many of our students begin and end their school days, so we want the bus ride to be a positive experience for all. If your child complains of problems on the bus, please let his/her teacher, or the principal or assistant principal know immediately. Children who misbehave on the bus will receive a 'bus conduct report' which will be sent home to be signed. If the problems continue they may have their bus privileges suspended for a period of time. Eligible riders will not be permitted to get off the bus at any stop other than their regular assigned bus stop unless they have a note from a parent/guardian.

For their own safety, kindergarten children must be met by a parent/guardian or designated adult at their bus stop or they will be taken back to the school and a parent/guardian will be called to pick them up.

State law requires that cars stop whenever a school bus indicates it is loading or unloading children by flashing red lights and showing a stop sign. This law also applies to the bus entrance in front of Crocker Farm School.

Parents/guardians, please review the following rules with your child:

1.) WAITING FOR THE BUS

- A. Be on time for the bus, but do not arrive at your bus stop earlier than ten minutes before the time at which the bus usually arrives.
- B. Do not allow younger children who are not yet attending school to accompany you to the bus stop.
- C. Observe all safety precautions while waiting for your bus.
 - 1. Do not play in the road.
 - 2. If possible, avoid crossing streets.
 - 3. Whenever you must cross a street, do so only if you are sure that no moving vehicles are approaching you from either direction.
 - 4. Do not push, pull or chase any other pupils.
 - 5. Avoid trespassing on private property and being noisy
- D. As your bus approaches, line up at least six feet off the highway and do not approach the bus until it has stopped and the driver has opened the door. Again, avoid pushing others in line.

2.) LOADING ON THE BUS

- A. Get on your bus quickly and be seated at once.
- B. Listen carefully and obey any directions issued by the driver.

3.) RIDING ON THE BUS

- A. Do not eat food while you are on the bus.
- B. Do not throw anything while you are on the bus.
- C. Do not extend your arms or any other parts of your body out of the window.
- D. **DO NOT CHANGE SEATS WHILE THE BUS IS MOVING.**

- E. Avoid shouting and other excessive noise that may distract your driver and lead to a serious accident.
- F. Help to keep your bus clean and sanitary.
- G. Be courteous to other pupils.
- H. Listen carefully and obey any directions issued by the driver.

4.) UNLOADING FROM THE BUS

- A. Do not leave your seat until the bus has come to a complete stop and the driver has opened the door.
- B. Again, obey any directions issued by the driver.
- C. Leave the bus quickly but in a courteous manner without pushing any other pupils.
- D. If you must cross a street as you leave the school bus, be sure to walk in front of the bus (never in back) at a distance of at least 12 feet from the bus. If you get too close to the front of the bus the driver will not be able to see you and a serious accident could occur.
- E. Be sure to observe all safety precautions as you travel from your bus stop to your home.

5.) LOSS OF RIDING PRIVILEGES

- A. Students engaging in inappropriate and/or unsafe behaviors may be suspended from riding the school bus for a specific period of time.
- B. Any suspensions will be initiated by the school principal or assistant principal with prior notification to parents/guardians.
- C. Suspension of riding privileges for a specific period of time is automatic with a third bus misconduct notice, but suspension for serious infractions may occur after any one infraction

Home-School Partnership

The relationship between families and the school is centered on our aspirations and goals for our children. Developing mutual trust is an essential part of this relationship. We want families to be an integral part of every child's educational team. We value each family's viewpoint and know that parents /guardians are a child's first teacher and they offer a unique perspective into the hearts and minds of their children.

Home-School Communication

Open communication is the foundation of a successful partnership between home and school. We would like to encourage families to communicate directly to their child's teacher about any concerns. **Arranging a time to meet**, rather than having a brief chat 'on the run' in the hallway, is the best way to discuss serious issues. We encourage you to contact your child's teacher also through email. Individual parent-teacher conferences are scheduled in the fall to discuss your child's progress. **A second conference** may be scheduled in the spring at the request of either the teacher or the parent. **School-wide and classroom newsletters** are a valuable source of information. **Please develop a system with your child** to make sure you get all of your 'mail' in order to avoid missing important news from school. Please check backpacks daily!

Setting Goals with your child

An important way to help our young scholars grow as responsible learners, is to guide them to set some goals per year or per half year. It is a way to encourage students to consider how their actions, decisions and time work together to achieve the desired goals.

Crocker Farm's Guidance Counselor

If you have a question or concern about a social or emotional issue, you can also contact Tara Luce, our guidance counselor at 362-1653 or by email lucet@arps.org.

School Pictures

One of our biggest fundraisers, School Pictures is an annual tradition run by the PGO. Volunteers are needed to help assist photographers and students during the photo shoot.

Box Tops for Education

General Mills has given over \$50 million to American schools through Box Tops for Education. To contribute on behalf of Crocker Farm, all you need to do is clip the coupons from your food boxes (cereal, taco shells, etc.) and deposit them in the Box Tops for Education box in the Main Office. Crocker Farm will receive a check when we send them in. Each one is worth \$.10 so it really adds up!

Parent-Guardian Organization

The Crocker Farm School PGO works to enhance the educational opportunities of our children through fundraising, parent/guardian education, and community-building events. This year there will once again be a PGO Classroom Parent serving each class as a contact to keep all families notified of upcoming activities and events. All Crocker Farm parents and guardians are automatically members of the PGO, and no sign-up is needed. We welcome all parents and guardians to participate in any capacity that is comfortable and convenient for their family. Events and ways to be involved will be included in our school's newsletter, the **Crocker Chronicles**.

The Crocker Farm PGO welcomes all parents, staff and members of the Crocker Farm community to its *monthly meetings* to discuss issues of interest to the school community. These meetings provide an opportunity to learn more about the family-school

relationship and to share ideas, and socialize with friends and neighbors. Every year Crocker Farm School families financially support the school's educational mission in numerous ways. The PGO also sponsors several fundraisers each year to provide scholarships for class trips, non-budgeted items for classrooms, and visiting performers. The PGO also maintains a blog at www.crockerfarmngo.blogspot.com

Crocker Farm School Council

The Crocker Farm School Council was established in response to the Education Reform Act of 1993. The school council is a representative, school building-based committee composed of the principal, parents/guardians, teachers, and community members required to be established by each school as pursuant to Massachusetts General Laws Chapter 71, Section 59C. Meetings are open to the public and parents/guardians are encouraged to attend. The function of the Council is to assist the principal in:

*adopting educational goals for the school, *identifying the educational needs of students, *formulating a school improvement plan, *reviewing the school's annual budget, *conducting a parent survey. Elections for new members will occur this fall. School Council member information and monthly meeting minutes can be found on the school website.

Volunteering in the Amherst-Pelham Regional Public Schools

The Amherst-Pelham Regional Public Schools provide a rich array of volunteer opportunities that address the educational needs of all students and support educational programming and school community needs. By fostering language, literacy, social and initiative skills volunteers fortify school success for all students. Community members, college students and parents are encouraged to become volunteers to support learning and to

facilitate positive community involvement, partnership and collaboration.

There are many volunteer opportunities in our schools throughout the year. Examples are academic tutoring, classroom/office/clerical support, afterschool programs, computer lab support, athletic coaching, community events, music and dramatic productions and Parent/Guardian Organizations. Application and additional information can be found on www.arps.org or by contacting Kimberly Stender at stenderk@arps.org or 413-362-1825.

There are many ways to volunteer your time at Crocker Farm. Every effort is made to match your schedule and skills to our many school needs. Volunteers begin by attending a one-time orientation session. After that time, volunteers are matched with teachers and other school needs. Teachers welcome both occasional and regular help. Examples of needed help are in the areas of reading one-to-one with children in the classroom, typing stories, and sharing special interests or skills. Parents are helpful as chaperones on class field trips and as volunteers in the school library. State and Federal laws require that school volunteers pass the **CORI check**. CORI forms can be filled out in any main office. A valid ID is required.

LIBRARY

Literacy development is the cornerstone of the Crocker Farm library program. Up-to-date books and materials are provided to support the academic work of students and for pleasure reading. The instructional program teaches library use and acquaints students with all the genres of children's literature at a full range of reading levels. Materials are selected to support a wide variety of student interests. The goal is to have students become lifelong readers and library users, so they are encouraged to borrow books on a regular basis.

When a student borrows a book, he/she is responsible for its safe return. Books are due on the first school day of the next

month. Overdue notices follow after two weeks. If the book is not returned, students are then restricted to borrowing one book at a time until the overdue items are returned or renewed. Students are responsible for the replacement of lost or damaged books. If the book is found and returned in good condition, the money will be refunded.

INSTRUMENTAL MUSIC

String music lessons are offered to students in grades 3, 4, 5, and 6 and wind, brass and percussion lessons are available for students in grades 5 and 6. There is also an opportunity to play in an ensemble, either band or orchestra, as students are ready to do so. The district provides string instruments to beginners at a minimal maintenance fee, and other instruments are available for rental at local stores, at reasonable cost, should families choose to rent. Information regarding sign-up and rental options will be sent from the music department to students at the beginning of each school year. We have wonderful winter and late spring band/orchestra concerts. There will also be evening concerts for the convenience of our families.

ARTS & SPECIAL PROGRAMS

Special Programs at Crocker Farm consists of the Art, Technology, Music, and Physical Education teachers. These professionals work with students on a rotating basis, and are in partnership with faculty to integrate curriculum where appropriate. Chorus for grades five and six will showcase their talents in winter and spring evening concerts which will take place at the Amherst Regional Middle School.

Homework (see district guidelines)

As a school community, we believe that homework creates an opportunity to create a link between school and home as well as

the promotion of life-long learning skills. Specifically, homework can help students to develop skills (e.g., reading comprehension, study habits, computational fluency) related to student achievement. Homework can support students to become responsible for their own learning. Homework serves as a communication tool between home and school. Toward this end, teachers provide feedback to students. Teachers monitor the frequency and quality of completion to inform instruction and to facilitate school-home communication. Homework completion information is communicated to students and parents/guardians.

Creating a Positive School Climate

Social Justice Commitment

The ability to take the perspective of others is an important developmental task for all children to accomplish. At Crocker Farm we attempt to infuse our students' experiences with opportunities to understand and appreciate others. In creating these learning experiences we build upon children's natural curiosity and their awareness of the similarities and differences of all human beings. We openly talk to our students about embracing differences and treating others with respect.

Responsiveness Initiative

The Amherst Public Schools has established a comprehensive *Responsiveness Initiative* to ensure that we have a safe learning environment in which all children know that it is "okay to tell" when they feel uncomfortable about a situation at school or in their lives. The message that we want to give to children is that talking to a trusted adult about a concern is the responsible thing to do. We are striving to create a school where our students know that they can speak up about teasing, bullying or anything that is giving them an uncomfortable feeling without fear of retribution, and that adults will listen and respond to remedy the situation. All adults working in the schools have been trained to be a "First Responder" who will listen to our children and then pass on the concerns to a "Second Responder" who is a member of each

school's Responsiveness Committee. At Crocker Farm the "Second Responders" are Derek Shea/Principal, Sharri Conklin/Assistant Principal, Tara Luce, guidance counselor, support staff and teachers, and Linda Stenlund, School Nurse. This group will make sure that each concern that is brought up is examined and addressed in a timely fashion. Of course, parents/guardians can also communicate to the school any issues that their children bring to their attention. At the beginning of each year we will review the importance of 'responsible telling'.

The right to be safe, included and visible

Amherst-Pelham Schools are dedicated to creating communities in which every family feels welcomed and every child experiences a safe learning environment. We want all children to feel proud of their heritage, to be comfortable being 'themselves', and to feel free to express their own interests and talents. It is important to address all types of biases in elementary schools so that we can prevent the development of prejudices and promote respect when children are young.

Despite our efforts to create a respectful climate in the Amherst-Pelham Public Schools, parents and students have shared that anti-gay name-calling and exclusion can be a common occurrence and may worsen as children get older. Children at an early age may hear the words 'gay' or 'lesbian' being used as negative put-downs. They may be exposed to derogatory references to gay and lesbian people on T.V., in movies, or from others. In elementary schools children who do not fit into gender stereotypes are often teased. This harassment causes children to be afraid of being "different" or exploring the interests that they love. Sensing the prevalence of anti-gay sentiments, children from gay and lesbian families may try to hide their family composition at school.

There is much we can do to promote a supportive atmosphere for all children and their families. Prejudice persists when members of a particular group are invisible or are unknown. Mentioning gay and lesbian people in a respectful way or reading stories which include gay and lesbian families or characters will

counter these biases. As a staff we will interrupt every incident of anti-gay insults (as we do with all types of name-calling and prejudicial slurs). We will openly discuss why these put-downs are hurtful. Introducing the concept that "love makes a family" showcases all of the different types of families, thus enabling every Crocker Farm student to feel proud of his/her family. It is every family and child's right to be visible, safe and included in our school.

Internet Safety and Social Networking Site

The internet is a wonderful and wide reaching tool for adults and children alike. However, it can also pose dangers if precautions are not taken. Unsupervised access can put both your child and your own data at risk from predators. This includes not only the use of computers but cell phones which have internet connections, since many young people use cell phones even more than home computers.

Social networking sites, like Facebook, have become especially popular with children and teens and can have both benefits and hazards that should be addressed. Though many social networking sites do have age limits, children as young as 7 and 8 have been known to violate the age limits by signing up with false birth dates and/or names. Young people often post their full names, contact information and other revealing facts about themselves on their pages. While there are safety features on social networking sites that can prevent strangers from viewing some information, teens (and children) often do not use these privacy options and even when they do, their information is never completely private. In addition information from these sites can be used for identity theft and other more serious crimes.

Because the content of these networking sites is uncensored, your child can be exposed to all sorts of profanity, inflammatory, violent or sexually charged language or images, whether it comes from a "friend," ads targeting adults, or from other apps they may have subscribed to. This uncensored on-line environment is the perfect backdrop for 'cyber-bullying,' in which

students are harassed online (or by cell phone) by other young people. This can take the form of e-mails, texts, chats, personal quizzes, or photos posted to make another person uncomfortable.

As there are many areas online (both on full sized computers and hand-held cell phone computers) where students are possibly exposed to confusing, possibly inappropriate, and possibly hurtful material, it is important to be actively involved in your children's internet life and be aware of what sites they are members of and how they are presenting themselves in their "digital life." **Please contact us immediately if your child has been a victim of any form of 'cyber bullying'**. It is one of our jobs as parents and educators to protect our children from the potential consequences of these activities.

Children and teens are fully involved in experimenting and exploring the World Wide Web and their use should be supported in a supervised and productive way so that they will grow to be responsible digital citizens. For more information on keeping your child and yourself safe online, visit some of the following sites:

www.wiredsafety.org/, www.staysafeonline.org,
<http://webhost.bridgew.edu/marc/>

Internet Safety Tips for Families

- Keep the computer in the family room or another open area of your home.
- Talk to children about not responding to offensive or dangerous e-mail, chat, or other communications. Report any such communication to local law enforcement. Do not delete the offensive or dangerous e-mail.
- Look into safeguarding programs or options your online service provider might offer. These may include monitoring or filtering capabilities.
- Talk to children about what to do if they see something that makes them feel scared, uncomfortable, or confused. Show them how to turn off the monitor and emphasize that it's not their fault if they see something upsetting.

- Remind children to tell a trusted adult if they see something that bothers them online.

Harassment and Bullying

Harassment and/or bullying of students or staff are extreme violations of the Standards of Behavior. It can also be a violation of civil and criminal law. It will not be allowed in school or at school-sponsored activities. Any such offense will result in disciplinary action.

School Safety Plan

In conjunction with all of the Amherst-Pelham Public Schools, we have developed a crisis safety plan with the goal of being prepared for any situation that may threaten the safety of our students. We have worked closely with the Superintendent, the District's Student Services Office and the Amherst and UMass Police Departments to coordinate all of our preparatory efforts. The police department has conducted walk-through safety inspections of our building and has led training exercises with our entire staff to review responses to specific circumstances. We have formed a Crisis Response Team to oversee our plan for Crocker Farm.

We will always communicate to you about any incidents that occur which cause us to implement a crisis safety response at school. Typically, if there is no immediate threat to our school population, we will send a letter home on the day of the response with the students. Safety plans have become standard practice in schools these days and help us all feel prepared to respond to any situation.

Response to Intervention (RTI)

Our school, in conjunction with all of the Amherst Regional Schools, has adopted a Response to Intervention (RTI) model. Response to Intervention is an instructional framework which uses multiple assessment tools in an ongoing way to understand students' learning needs. At Crocker Farm, the student academic data that we examine includes Teachers' College reading and writing assessments, AIMS web progress monitoring, the end-of-unit math assessments, Developmental Reading Assessments (DRA) and MCAS scores. Based on this data, students receive focused instruction in small groups in their specific areas of need. There will be ongoing progress monitoring to assess how the students are ***responding to the intervention*** in order to guide our instruction.

Our Intervention staff will be using what are called '*evidenced-based curriculum programs*' since they have been proven to support students' learning. We have created a half-hour period called the **Enhancement Block**, which is a time that has been set-aside for us to reteach, reinforce or extend skills and concepts in reading and math. While this learning period will take place in addition to the classroom instruction in reading, writing and math, children may also receive extra support during the regular reading and math periods.

Standards of Dress and Appearance

The intent of these standards is to encourage all concerned to dress, groom, and conduct themselves in keeping with an atmosphere that reflects an awareness of the overall purposes and functions of the school.

- Students should wear shoes or sandals held securely on the feet for protection when on school grounds and aboard school buses.
- Students should not wear decorations, symbols, mottos, or designs on the body or clothing showing unacceptable products (such as tobacco, alcohol, or drugs) or inappropriate

pictures or words. Students should not wear clothing that contains obscenities, fighting words, incitement or defamation on them.

- Students should arrive each day at school with clean clothes, bodies, and hair, in keeping with the practice of good hygiene.
 - Students should not wear see-through clothing or halter or tank tops with thin straps, nor should they wear tops that leave the stomach showing, short shorts, or miniskirts. (You can use the tips of your fingers with your hands at your sides as a good estimate of an appropriate length for your shorts or skirts.)
- Students should wear clothing that lets them move and play safely when physical education is scheduled: for example, sneakers, shorts/pants, and t-shirts.
- Students' clothing should be worn appropriately. For example, pants are to be held securely at the waist.
- Jewelry should be worn in a way that does not present a safety or health hazard nor cause a major distraction to the educational process. Wallet chains are not permitted.
- Students should not wear hats inside the school building unless previously approved by either a teacher or principal. Wheelies are not permitted.

Crocker Farm has expectations and standards for positive student behavior that supports the rights of all students to: have a safe and welcoming environment, receive a high

We agree to C.A.R.E. for everyone and in everything we do at Crocker Farm!

We strive to teach children that with the right combination of support and effort they can master skills that they previously thought. If your child is receiving this extra help you will be contacted by the school and informed about what specific skills he/she is working on and how you can support this learning at home.

Questions or Concerns

All questions or concerns may be initially directed to our secretarial staff. In most cases they will be able to help you immediately.

We suggest taking the following steps when you have other questions or concerns:

1. Make an appointment to see your child's teacher if your questions or concerns involve your child or your child's classroom. For example:

If you have a concern about your child's performance in school, or

If an unexpected event occurs at home that may affect your child in school (e.g. death in family or a separation)

2. Make an appointment to see an administrator if repeated efforts to resolve problems directly unsatisfactory.

The Second Step Program teaches social and emotional skills to reduce impulsive and aggressive behavior in children and increase their level of social competence. The lessons, which are taught by our school guidance counselors and classroom teachers, teach, model, practice and reinforce skills in empathy, impulse control, problem solving, and anger management. The Steps to Respect program also teaches upper grade students to recognize, refuse, and report bullying, while being assertive, and building healthy friendships. The Steps to Respect program also teaches upper grade students to recognize, refuse, and report bullying, while being assertive, and building healthy friendships.

Report Cards and Conferences

Progress is reported formally twice a year with the distribution of report cards to children in grades 1-6 at the beginning of February and at the close of the school year in June.

Individual conferences for all grades are offered in late autumn, primarily during the early release days on October 23 and October 24. Spring conferences are scheduled at the discretion of either the teacher or the parent/guardian. Parent/guardians are strongly urged to use these conference times to discuss their child's progress. While these are specific occasions to discuss concerns, please contact your child's teacher any time you have a question.

Open House

This annual event will take place on the evening of Wednesday, October 14. Parents and guardians will have the opportunity to meet members of the staff and obtain information about instructional programs. Details to follow in upcoming newsletters.

PBIS

Crocker Farm is utilizing a ***PBIS (Positive Behavior Interventions and Supports) model to improve school climate***. The PBIS model is a school-wide approach to ensure that we are both clarifying our expectations for student behavior and recognizing the many instances when students are going above and beyond our expectations. Crocker Farm established four core values (Cooperation, Accountability, Respect, Empathy) and we will be teaching these values in a variety of contexts in the school settings. We will be teaching these values in the classroom, the hallways, the cafeteria, and on the buses and playground. At the same time we will focus on noticing positive behaviors that children exhibit every day.

	Playground	Hallway	Cafeteria	Bathroom	Bus	Classroom	Assembly
Cooperation "We work together."	We: Share with others Follow game rules Follow game rules Follow directions	We: Walk on the right side facing forward Use a "0" voice level when with a class Use a "1" voice when with a small group	We: Use a "1" voice Follow directions Stay seated	We: Use a "1" voice Keeps the facilities clean	We: Stay seated Keep aisles clear Use a "1" voice" level	We: Listen to speakers Follow directions	We: Enter and exit quietly with our class Listen to speakers Stay seated
Accountability "We are responsible."	We: Report unsafe or inappropriate behavior Ask adults in charge before going inside Play safely	We: Get where we are going on time Go straight to where we need to go	We: Eat our own food Recycle Clean up after ourselves	We: Go back to class quickly Wash our hands	We: Stay safe by telling a grown up when there is a problem Keep all food and drinks in our backpack or bag	We: Complete our work	We: Learn at assemblies Represent Crocker Farm well
Respect "We treat others and the space well."	We: Keep hands and feet to yourself Use appropriate language	We: Keep hands and feet to yourself Use appropriate language	We: Keep hands and feet to yourself Raise our hands if we need something Stay in our own space	We: Flush the toilet Respect the privacy of others	We: Keep hands and feet to ourselves Use appropriate language	We: Keep hands and feet to ourselves Use equipment and materials appropriately Treat others well	We: Keep hands and feet to ourselves Eyes on speakers performance Clap and acknowledge people politely
Empathy "We are kind"	We: Include all who want to play Accept all skill levels and encourage others to do their best	We: Let younger students go first	We: Include others Use kind words	We: Report problems	We: Share seats	We: Accept skill differences Give help or get help if it is needed.	We: Accept and appreciate other efforts and contributions Help others to be successful

Amherst-Pelham Public Schools

Code of Conduct Introduction

We believe everyone deserves a safe, supportive, and orderly learning environment.

We encourage appropriate behaviors by teaching, guiding, directing, and providing opportunities for new learning to occur.

We create opportunities for students to practice and succeed in making responsible and effective choices in order to reach their academic potential and contribute to the school community.

In Amherst-Pelham Public Schools, students have rights and privileges as well as responsibilities. While the school system has an obligation to provide an education for all students, we have set high standards for students to conduct themselves in a way that is respectful and helps to build a climate essential for learning. All of the elementary schools have identified core values as part of the implementation of Positive Behavioral Interventions and Supports (PBIS).

The purpose of the Code of Conduct Handbook is two-fold:

1. To illustrate expected appropriate and respectful student behaviors
2. To describe inappropriate or disruptive behaviors and the levels of interventions and consequences associated with the behaviors

Equally important to sharing what is expected of students is that school and district instructional practices support character development, the development of self-control, and positive behavior choices. Developing positive and effective student behaviors is best achieved through collaborative partnerships with school, home, and community organizations and agencies. Some important character traits we can assist students in learning are: **responsibility, respect, trust, citizenship, and caring.**

Responsibility is demonstrated by doing your best, thinking about consequences, being accountable for choices, and doing what one is expected to do. **Respect** is shown by treating others the way you wish to be treated, using good manners and appropriate language, dealing peacefully with anger, insults, and disagreements, and accepting differences among people. **Trust** is built by keeping promises, telling the truth, being reliable, and building a good reputation. **Citizenship** has to do with making your school and community a better place, obeying laws and rules, and respecting authority. And finally, **caring** is showing concern for the well-being of others around you.

We support appropriate student behaviors that facilitate learning and minimize disruption in several ways. *Second Step*, a social skills program which is designed to teach empathy, problem solving skills, self-regulation, and emotion management, is taught in our elementary schools. The Positive Behavioral Intervention & Supports (PBIS) framework enables our schools to work towards the development of a culturally responsive climate that promotes positive student learning outcomes with a focus on prevention of behavioral challenges that may interfere with learning.

The focus of this Code of Conduct Handbook is to guide student behavior, to link interventions to improve student behavior, and inform others that will assist school staff in creating safe and orderly

environments. The rules and expectations outlined have been developed so that a combination of consistent, fair, proactive, corrective, and instructive strategies will be implemented in every classroom and every school, and opportunities for teachers to teach and students to learn will be achieved. As a result, students, staff, and parents/guardians all benefit.

Levels of Interventions

The Amherst-Pelham Schools utilizes the Positive Behavioral Intervention & Supports (PBIS) framework which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a tiered system of support to enhance student learning. Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognizes that maintaining and changing student behaviors involves a continuum of acknowledgements, supports, and interventions.

(Center for Positive Behavior Intervention Supports, University of Oregon)

Three Levels of Intervention

Level 1—All Students

Includes:

- General curriculum enhanced by acknowledgments of positive behaviors, and clearly stated expectations that are applied to all students

Level 2—Targeted Interventions

Focus on:

- Specific interventions for students who do not respond to universal efforts
- targeted groups of students who require more support
- Interventions that are part of a continuum of behavioral supports needed in schools

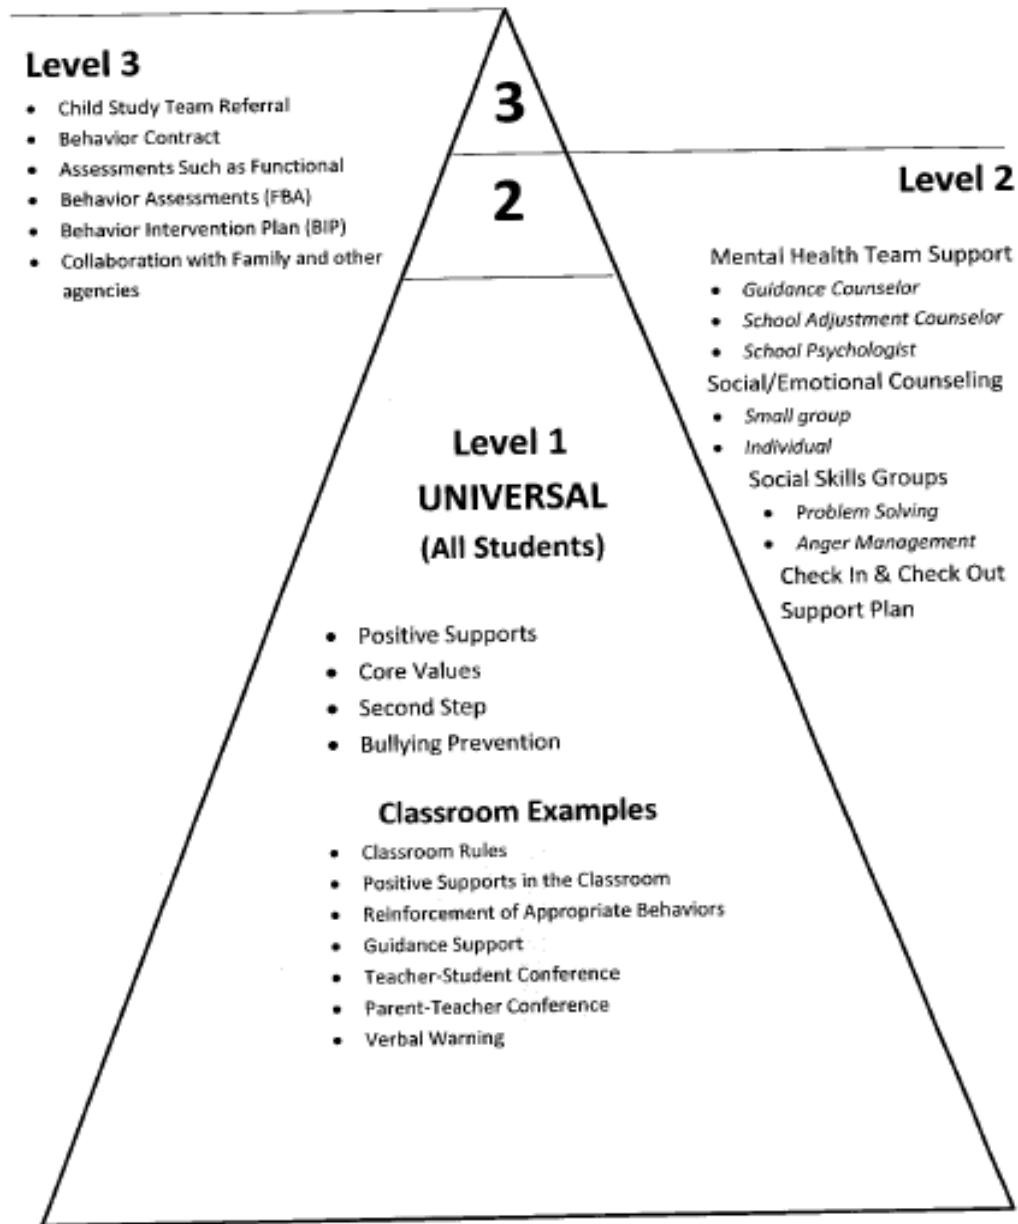

Level 3—Intensive Individualized Interventions

Focus on:

- The needs of individual students who exhibit a pattern of problem behaviors
- diminishing problem behaviors and increasing the student's social skills and functioning
- Interventions involving functional behavioral assessments and behavioral intervention plans

The Three Levels of Intervention

Interventions may include (but are not limited to) the examples below

The Code of Student Conduct shall apply to all students at all times on school property, including:

Level	Options
--------------	----------------

- in school buildings
- on school grounds
- in all school vehicles
- at all school, school-related, or Board-sponsored activities, including but not limited to:
 - school field trips
 - school sporting events (*whether such activities are held on school property or at locations off school property, including private business or commercial establishments*)

Levels of Interventions and Consequences for Violations of the Code of Student Conduct

As with any incident of student behavior, school administrators must exercise informed judgment as to whether a student’s actions constitute a violation the Code of Student Conduct. The levels, shown on the following page, guide administrators to use progressive interventions to change student behaviors. The administrator always has the option to use an intervention from a lower level as long as one from the prescribed level is also employed.

Levels of Disciplinary Response

When students are disruptive or behave inappropriately, school personnel respond logically, appropriately and consistently. The Amherst-Pelham Public Schools *Code of Conduct 2014-15* describes four levels of possible response to inappropriate or disruptive behavior. Each inappropriate or disruptive behavior category is assigned to one or more of these levels of intervention and response. School personnel should use only the levels suggested for each behavior. If the inappropriate or disruptive behavior is assigned to two or more levels, then the lowest level of intervention and disciplinary response should be used first. For example, if a student refuses to follow directions, school personnel should first use intervention strategies and responses in Level 1 before moving to Level 2. When school personnel respond to student misbehavior, they are expected to take into account the age, health, or special education status of the student; the appropriateness of the student’s academic placement; the student’s prior conduct and record of behavior; the student’s willingness to repair the harm; the seriousness of the behavior and the degree of harm caused; and the impact of the incident when determining the level of intervention and consequences **Repeated chronic or cumulative offenses may require higher levels of interventions/consequences.** For serious violations, interventions/ consequences may begin at a higher level.

The summer team is recommending that the district add BOTH interventions and consequences (identified in the Revised Levels of Disciplinary Response) to the drop down menu for Actions.

1

Classroom Interventions/Consequences

Teachers use these intervention/consequences to help students change behavior in the classroom. Typically used when no or limited prior incidents have occurred. If the behavior continues to occur (3 or more times), Educator's Handbook documentation is highly recommended.

Classroom Interventions

- Give behavioral choices
- Use planned ignoring of negative behavior
- Review core values/expectations
- Skill building-lessons using PBIS Core values/2nd Step/books
- Skill practice/role play
- Class problem solving meeting
- Modify classroom environment (seat change, proximity)
- Provide take a break space (sensory center, peace corner, calming down space)
- Teach and practice self-regulation strategies
- Incentive for appropriate behaviors
- Use school-wide PBIS Ticket system

**Consequences for students who
engage in the negative behavior**

- Reinforce appropriate behaviors
- Provide Rule Reminders or redirection
- Give a warning
- Loss of privileges (connected to behavior)
- Seat change
- Apology/repair
- In-class time out
- Buddy classroom
- Written reflection about incident (Think sheet)
- Teacher conference with student
- Parent contact

2

Used when frequency/duration of the behavior increases or when the intensity of the behavior poses significant physical/emotional harm.

*Referral to support staff personnel or the administrator is necessary when level 1 intervention and consequences have been put in place in the classroom to address the behavior and have not been effective. The behavior is continuing and interfering with the students or classroom learning. Educator's Handbook **documentation** is required.*

Classroom/Individual student Interventions	Consequences for students who engage in the negative behavior
<ul style="list-style-type: none"> • Parent/guardian involvement (Daily home/school communication) • Conference with counselor • Give behavioral choices • Conflict resolution • Schedule change • Peer mediation • Restorative problem solving circle meeting • Student support plan including: <ul style="list-style-type: none"> • Scheduled breaks • Check In/Check Out • Social/emotional/behavioral or academic skill building • Mentoring (including meeting with mentors, younger/older students, silent mentoring, etc.) • In-class coaching by counselor or paraprofessional • Use school-wide PBIS Ticket system • Implement Class-wide behavior goal/incentive • Grade-level Guidance meetings • Child Study Team • Functional Behavior Assessment Behavior Intervention Plan Short Form • Observation – Consultation with counselor or psychologist • Consultation with outside service providers/agencies 	<ul style="list-style-type: none"> • Conference with parent/guardian • Phone call/letter to parent or guardian • Behavior contract with counselor and/or administration (with incentive as needed) • Teacher and/or administrator conference with student and/or parent • Office referral /Office time out (student comes with work) • Restorative practices (problem solving circle meeting, repair/community service) • Working lunch

3

Detention or In School Suspension

Used for extreme or intensive disruptive behavior that poses significant physical/emotional harm to self and/or others. Educators Handbook documentation is required.

Classroom/Individual student Interventions	Consequences for students who engage in the negative behavior
<ul style="list-style-type: none">• Behavior/EH documentation review• Functional Behavior Assessment and Behavior Intervention Plan• Observation and consultation with Behavior Specialist• Referral for Special Education Evaluation• Consultation with District Programs• Consultation with outside service providers/agencies	<ul style="list-style-type: none">• In-School Suspension• Parent/guardian notification required• Conference with parent/guardian• Phone call/letter to parent or guardian• Behavior contract with counselor and/or administration (with incentive as needed)• Teacher and/or administrator conference with student and/or parent• Office referral /Office time out (student comes with work)• Restorative practices (problem solving circle meeting, repair/community service)• Restricted participation in an activity

4

Out of School Suspension or Expulsion

Used for extreme or intensive behavior that seriously disrupted the learning environment and created a safety risk in the school. Used very rarely at administrator's discretion.

Parent/guardian notification is required. Upon re-entry the following interventions and/or consequences should be considered.

Classroom/Individual student Interventions	Consequences for students who engage in the negative behavior
---	--

- **Re-entry plan with school staff that includes specified interventions supports.**
- **Follow protocols for Manifestation Determination for students with an IEP.**
- **Risk Assessment if necessary**
- **Behavior/EH documentation review**
- **Observation and consultation with Behavior Specialist**
- **Functional Behavior Assessment and Behavior Intervention Plan**
- **Referral for Special Education Evaluation**
- **Consultation with District Programs**
- **Consultation with outside service providers/agencies**

- **Behavior contract with counselor and/or administration (with incentive as needed)**
- **Teacher and/or administrator conference with student and/or parent**
- **Restorative practices (problem solving circle meeting, repair/community service)**
- **Restricted participation in an activity**

Acknowledgement Page

Each parent, guardian must sign the acknowledgement form below, indicating that he/she has received and read a copy of the handbook. If the signed acknowledgement form is not received by September 20, then the school district will nonetheless presume that the parent, guardian or student him/herself has received and read the handbook.

Please return this tear off slip to your child's teacher.

I have read this handbook, discussed it with my child, and will support the school's efforts to consistently provide a safe, productive learning environment.

Signature of parent/guardian
